Premier Event

3rd annual Sculpture in Motion: The Art of Pre- and Post-War Automobiles

Sculpture in Motion welcomes visitors of all ages to experience the history and design of more than a dozen one-of-a-kind, classic pre- and post-war automobiles. Guests will have the chance to cast their votes for Most Artistic, Most Elegant, People's Choice and Young Connoisseur.

Children, accompanied by their parents, will also have the opportunity to be engaged with STEAM activities in the Gardens' Environmental Classroom from 11 a.m. to 2 p.m.

During the evening, the Ann Norton Sculpture Gardens will be transformed into a unique outdoor showroom for a special VIP cocktail reception with more intimate viewing of the cars from 5:30 to 7:30 p.m. Awards will be presented at the reception.

Donald Osborne, author, classic car historian and host of Jay Leno's Garage will be the Grand Marshal; John Barnes, founder of Cavallino magazine and The Cavallino Classic, will once again serve as guest curator and Honorary Chair for the exhibit. On Jay Leno's Garage, Osborne co-hosts recurring segments "Assess & Caress with Donald Osborne" and "Behind the Bowtie," sharing his knowledge on classic car values with Leno and viewers.

In addition to his television work, Osborne is an Accredited Senior Appraiser member of the American Society of Appraisers, and works for clients across the world on the acquisition, sale and valuation of classic vehicles. He travels globally, attending major events, rallies and auctions. He has served as judge or emcee at many leading automotive concours events.

Osborne will sign and sell copies of his book *Stile Transatlantico/Transatlantic Style: A Romance of Fins and Chrome*, from 11:15 a.m. to 12:15 p.m. A portion of proceeds will go to ANSG. Osborne's book brings to light the depth and range of the creative exchange in automotive design between Italy and America in the decade following the end of World War II. "Any true review of 20th-century design and the effect of World War II on automotive design must include a close look at this dynamic and fascinating period of creative exchange between two automobile-loving nations," said Osborne.

Beyond offering his book, Osborne will post live to social media from Sculpture
