Visiting

ANN NORTON SCULPTURE GARDENS

I am going to Ann Norton Sculpture Gardens. I will see artwork and go for a walk. I will enter through the Norton House.

An artist named Ann Norton lived here. I will see where she lived, where she worked and see her garden and sculptures.
I will be greeted by a member of Ann Norton Sculpture Gardens. I will be given a backpack with things that can help me during my trip. Here are the items I will find in the backpack.

I can walk through the museum to view artwork. I will keep my hands to myself and look with my eyes.
I can visit the museum store. There are books, toys, snacks and gifts.

I can go outside. I can have a snack in the courtyard if I get hungry. There are restrooms in the courtyard.
I can go for a walk. I will stay on the path as I walk around the Gardens.

I will see Ann Norton’s monumental sculptures. I can feel the different textures of the brick and pink granite of Seven Beings and Gateway #1. I will keep my feet on the ground. I will not stand on or climb the sculptures.
I will see water features and fountains. I will not touch or go near the water.

I will see the orchid house. There are lots of colorful orchids. I can look closely with my magnifying glasses. I will not touch the orchids. What colors can I find?
I can enter Ann Norton’s Artist Studio. I will see her tools and sculptures. I will keep my hands to myself. I will not touch the artwork or tools.

I can visit the pollinator garden to see butterflies, dragonflies and other pollinators. I will not touch the insects or plants. I can use my magnifying glasses to look closely at the flowers and butterflies.
Ann Norton loved birds and butterflies. How many different birds and butterflies will I find?
I went to

*Ann Norton Sculpture Gardens* today.

I had fun walking around and exploring the Gardens!
